Commas

□□

- Oxford comma

Use the Oxford comma in lists of three or more items in a sentence.

Use commas to separate clauses. Break up longer or difficult-to-read sentences into shorter chunks.

Dependent clauses that start a sentence, end with a comma. (Learn more)

Example: After you open the file, save it to your desktop with a different name.

Oxford comma

Use the Oxford comma. The Oxford comma should break up lists of three or more items in a sentence.

Example: Stream for Free, Pro, and Business plans

Without the Oxford comma, readers might misunderstand this header as free streaming for Pro and Business plans.
