CSS Table HTML Table

Table HTML Table

- table { display: table }
- tr { display: table-row }
- thead { display: table-header-group }
- tbody { display: table-row-group }
- tfoot { display: table-footer-group }
- col { display: table-column }
- colgroup { display: table-column-group }
- td, th { display: table-cell }
- caption { display: table-caption }

Table

```
div {
  height: 200px;
  display:table-cell;
  vertical-align: middle;
}
```

Table

```
div {
  height: 200px;
  position: relative;
  top: 50%;
  transform: translateY(-50%);
}
```

Table

```

/*
HTML 布局
<body>
  <div class="main"></div>
  <div class="footer"></div>
</body>
*/

```

```

body {
  display: table;
  width: 100%;
}

.main {
  min-height: 100%;
}

.footer {
  display: table-row;
  height: 1px;
}

```

+ □ +

```

/*
HTML 布局
<div class="wrapper">
  <div class="header">HEADER</div>
  <div class="main">
    <div class="box sidebar">Left-sidebar</div>
    <div class="box content">Main Content</div>
    <div class="box sidebar">Right-sidebar</div>
  </div>
  <div class="footer">FOOTER</div>
</div>
*/

.wrapper {
  min-height: 100%;
}

```

```

display: table;
width: 100%;
text-align: center;
}

.header {
display: table-row;
height: 1px;
}

.main {
min-height: 100%;
display: table;
width: 100%;
}

.box {
display: table-cell;
}

.sidebar {
width: 100px;
}

.footer {
display: table-row;
height: 1px;
}

```

- display: table-caption
- display: table-header-group
- display: table-footer-group
