

Using the oEmbed Field

- [Basic Setup](#)
 - [Common Use Cases](#)
 - [Tips](#)
-

Basic Setup

1. Create a new Field Group
2. Add an oEmbed field
3. Configure options:
 - Set width/height
 - Configure preview
 - Set display options
 - Choose providers

Common Use Cases

1. Media Integration
 - Video embeds
 - Social media posts
 - Audio content
2. External Content
 - YouTube videos
 - Twitter posts
 - Spotify tracks

Tips

- Check provider compatibility
- Consider responsive sizing
- Test embed previews

- Validate URLs properly
