The product attributes API allows you to create, view, update, and delete individual, or a batch, of product attributes.

Product attribute properties

Attribute	Type	Description

`id`	integer	Unique identifier for the resource. *read-only*
`name`	string	Attribute name. *mandatory*
`slug`	string	An alphanumeric identifier for the resource unique to its type.
`type`	string	Type of attribute. By default only `select` is supported.
`order_by`	string	Default sort order. Options: `menu_order`, `name`, `name_num` and `id`. Default is `menu_order`.
`has_archives`	boolean	Enable/Disable attribute archives. Default is `false`.
