wp user meta

目录

- 示例___

添加、更新、删除和列出用户自定义字段。

示例

```
# 添加用户元数据
$ wp user meta add 123 bio "Mary is an WordPress developer."
Success: Added custom field.

# 列出用户元数据
$ wp user meta list 123 --keys=nickname,description,wp_capabilities
+---------+-----------------+--------------------------------+
| user_id | meta_key        | meta_value                     |
+---------+-----------------+--------------------------------+
| 123     | nickname        | supervisor                     |
| 123     | description     | Mary is a WordPress developer. |
| 123     | wp_capabilities | {"administrator":true}         |
+---------+-----------------+--------------------------------+

# 更新用户元数据
$ wp user meta update 123 bio "Mary is an awesome WordPress developer."
Success: Updated custom field 'bio'.

# 删除用户元数据
$ wp user meta delete 123 bio
Success: Deleted custom field.
```
