@wordpress/e2e-tests

- Contents
- Usage
- Contributing to this package

This package contains test plugins and mu-plugins used by E2E tests in WordPress.

Note: The E2E tests themselves have been migrated to Playwright and are now located in `/test/e2e/`.

Contents

- `/plugins/` – Test plugins used by E2E tests
- `/mu-plugins/` – Must-use plugins for test environment configuration
- `/assets/` – Test assets (images, etc.)

Usage

These plugins and mu-plugins are automatically loaded in the test environment via `wp-env`. They provide test fixtures and functionality needed for various E2E test scenarios.

For information about writing E2E tests, see the E2E testing guide.

Contributing to this package

This is an individual package that's part of the Gutenberg project. The project is organized as a monorepo. It's made up of multiple self-contained software packages, each with a specific purpose.

The packages in this monorepo are published to npm and used by WordPress as well as other software projects.

To find out more about contributing to this package or Gutenberg as a whole, please read the project’s main contributor guide.
