title: graphql_init_settings hookType: action hookGroup: settings plugin: wp-graphql

graphql_init_settings

```
do_action( 'graphql_init_settings', $this );
```

Fires before WPGraphQL settings sections and fields are registered.

- **Type:** action
- **Group:** Settings and Admin
- **Since:** 0.13.0
- **Source File:** `plugins/wp-graphql/src/Admin/Settings/SettingsRegistry.php`

Parameters

- `$settings_registry` (`self`): Settings registry instance.

Source

- `plugins/wp-graphql/src/Admin/Settings/SettingsRegistry.php:191`

```
do_action( 'graphql_init_settings', $this );
```
