title: graphql_experiments_registered_classes hookType: filter hookGroup: settings plugin: wp-graphql

graphql_experiments_registered_classes

```
apply_filters( 'graphql_experiments_registered_classes', $registry );
```

Filters the list of registered experiment classes. Use this filter to register custom experiments: `php add_filter( 'graphql_experiments_registered_classes', function( $registry ) \{ $registry['my-experiment'] = MyExperiment::class; return $registry; \} );`

- **Type:** filter
- **Group:** Settings and Admin
- **Since:** 2.3.8
- **Source File:** `plugins/wp-graphql/src/Experimental/ExperimentRegistry.php`

Parameters

- `$registry` (`array<string,class-string<\WPGraphQL\Experimental\Experiment\AbstractExperiment>>`): The list of registered experiment classes, keyed by experiment slug.

Source

- `plugins/wp-graphql/src/Experimental/ExperimentRegistry.php:297`

```
apply_filters( 'graphql_experiments_registered_classes', $registry );
```
