Separator Block

Look again at that dot. That's here. That's home. That's us. On it everyone you love, everyone you know, everyone you ever heard of, … ever was, lived out their lives.

Separator

Create a break between ideas or sections with a horizontal separator.

Blocks

The Separator Block allows you to add a horizontal separator into your content. Separators represent a thematic break between paragraphs.

Blocks

Modify the individual Block Settings using the options in the Settings Sidebar.
